MARINE SUSPENSION SEATING

## FOR IMMEDIATE RELEASE

MAY 26, 2021, SIDNEY, BC, CANADA

## SHOCKWAVE ANNOUNCES THE NEW S6 SUSPENSION MODULE WITH FULLY INTEGRATED HEIGHT ADJUST

**SHOCKWAVE SEATS**, a Canadian-based marine suspension company revolutionizing marine shock mitigation around the globe, announces the **SHOCKWAVE S6 Suspension Module**. This new product replaces the **S5 Suspension Module with Height Adjust—SW-05047**. The **SHOCKWAVE S6 Suspension Module** is designed for commercial and recreational boats and will be available in August 2021.

This suspension module is ideal for any vessel that regularly has people of varying heights operating the vessel in heavy seas, such as search and rescue, law enforcement, fisheries, government agencies, and other commercial boats. It is also well suited to recreational boats with multiple people of different heights at the helm, such as a fishing boats with multiple drivers.

The new **S6 Suspension Module** features:

- ✓ Tough, stable, and fully integrated, height adjust that raises the module up 3" (76mm)
- ✓ Ratchet mechanism for precise height adjustability
- ✓ Provides 5.5" (137.51mm) of shock travel to mitigate wave impact
- ✓ Can handle occupants up to 300lbs with deck accelerations up to 6g's
- ✓ Engineered to eliminate corrosion points
- ✓ Designed with a custom tuned FOX Float3 shock absorber

- ✓ Can be paired with the **SHOCKWAVE COMMANDER Seat** or an existing seat with a common bolt pattern

The **SHOCKWAVE S6** is designed and manufactured in Canada. It is engineered for moderate to heavy sea conditions and challenging operating environments. It is offered in an anodized black finish to provide improved corrosion protection. The **SHOCKWAVE S6 Suspension Module** is compatible with the **SHOCKWAVE** recreational product accessories: the slide, swivel, swivel/slide, and the **SHOCKWAVE Commander Seat** by Corbin, formerly known as the **Corbin2 Seat**.

David Smith, **SHOCKWAVE** Owner and President, commented, "The **SHOCKWAVE S6 Suspension Module** fills the gap in our product line between our recreational suspension module, the **S5**, and our professional suspension seat, the **S2**, to offer our customers a broader range of applications with a lighter duty suspension system than our professional seats. We are excited to bring this

## FOR IMMEDIATE RELEASE

MAY 26, 2021, SIDNEY, BC, CANADA

new product to the commercial and recreational boating market.”

The SHOCKWAVE S6 Suspension will replace the S5 with Height Adjust (SW-05047) in the summer of 2021. SHOCKWAVE's new S6 Suspension Module will have a lead time of 2-4 weeks. The initial retail price of the SHOCKWAVE S6 is USD \$2,480/CDN \$2,852 — same price as its predecessor, the S5 with height adjust. Parts for the current S5 with height adjust will still be available for service and warranties.

This product will be available direct from SHOCKWAVE to boat builders and government customers, as well as through our distributor and dealer network in Canada, USA, Europe, UK and Australia.

For more information and drawings for the S6, please go to our website at:
