

SHOCKWAVE

MARINE SUSPENSION SEATING

PRO-STAFF PROGRAM

BECOME A MEMBER OF THE SHOCKWAVE PRO-STAFF TEAM!

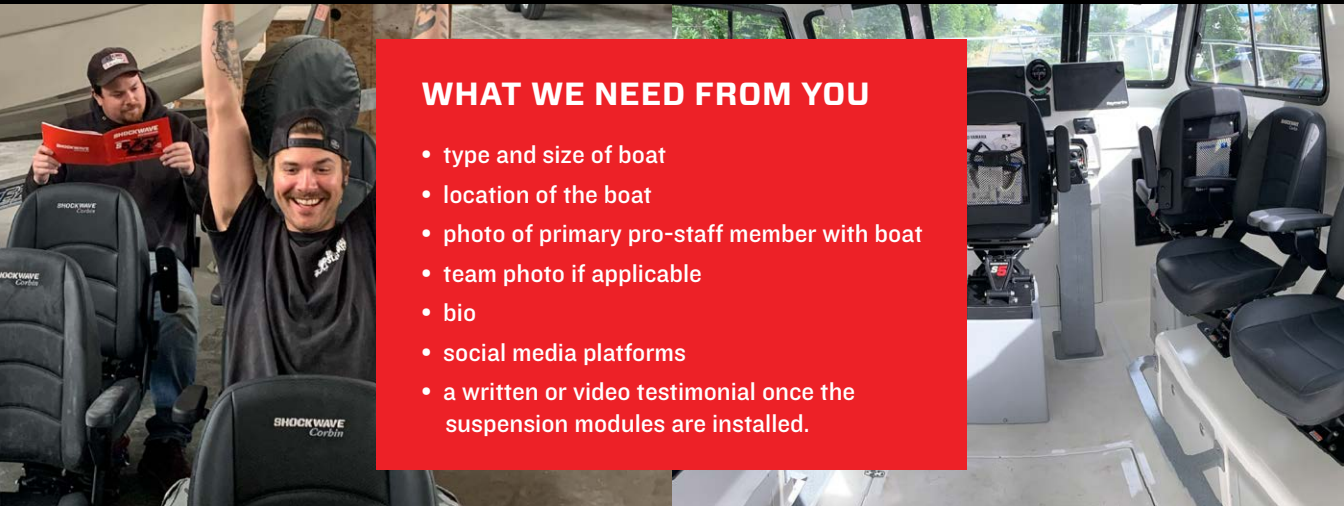

Our pro-staff teams are professional fishing guides and lifelong boaters who demand quality products for their boat, team and customers. Many of our pro-staff members are also serious tournament fishermen and are well known members of the local fishing community. They keep their boat or fleet in the water at a local marina on display for people passing by to see. Our Pro-staff are familiar with our products, promote them, and they encourage their clients to try out their SHOCKWAVE Seats while on the water.

- First boat set are provided to new pro-staff teams at cost, up to 4 seats (with S5 Suspension Modules)
- Subsequent products are sold at 40% discount off retail pricing (volume boat builder pricing)
- Shock pumps provided for free
- Pro-staff Starter Kits are provided to new pro-staff teams when first units are shipped (Included: Q&A sheet, marketing and sales sheet, giveaways, SHOCKWAVE Equipped stickers, and a manual)
- T-shirts and hats for pro-staff teams are available upon request

We have a need for more Pro-staff in all coastal areas in the US except for Texas.

Please contact us at Sales@shockwaveseats.com for more info on becoming a pro-staff team member.
