SHOCKWAVE's S3 Lightweight Jockey Seats are built for the most demanding applications. Designed 20% lighter while improving performance and prolonging the time to Whole Body Vibration (WBV) limit. To maximize deck space, they offer a quick release track system, and quick connect height adjust. Suitable for high-speed RIBS, boarding operations and tactical craft, there is no jockey seat like it. The 8-inch travel FOX Float H20 shock absorber sets the benchmark for performance. Seat shown with front handrails.
