April 2024

SHOCKWAVE PARTNERS WITH INMATECH IN NORWAY

Sidney, B.C. Canada based, Shockwave Seats, specialist manufacturers of marine suspension seating systems, have appointed Inmatech as its distributor in Norway.

With a history going back more than 20 years, Shockwave are internationally recognized as setting the standard in marine suspension seating systems with their global customers including, coastguard, SAR, military, commercial and builders of high-performance leisure craft, all recognizing the value of Shockwave's superior design, high quality, and extreme testing regime.

Martin Harding MD at GMA who represents Shockwave in Europe commented "As the Shockwave range has expanded to include products for recreational applications, the appointment of distributors like Inmatech has been a critical goal, representing an important step towards the creation of a complete European distributor network.

Inmatech are highly respected for their experience and technical abilities, and we are confident that this, together with their well-established customer base, will give Shockwave the foundation it needs in Norway from which sales can grow."

Frode Hammer, CEO at Inmatech said "as expectations of improved safety and comfort while boating grow, products like those offered by Shockwave, provide boat builders with added value features that we can see good growth opportunities for here in Norway and so we are pleased to have made an exclusive distribution agreement with them."
