SHOCKWAVE PRODUCTS TO BE DISTRIBUTED BY TORDEN MARINE IN THE BALKANS

Shockwave Seats, a Canadian-based marine suspension company revolutionizing marine shock mitigation around the globe, has announced a distribution agreement with Torden Marine who will promote, supply and support the company's recreational products throughout the markets of Croatia, Slovenia, Serbia and Montenegro.

With a history going back twenty-five years, and a global customer base that includes builders of coastguard, SAR, military, and commercial vessels as well as builders of high-performance leisure craft, all recognizing the value of Shockwave's superior design, high quality, and extreme testing regime that sets the standard in marine suspension seating.

Paul Woodlock, European Sales Manager at GMA who represents Shockwave in Europe commented, "We are extremely pleased to have made the appointment of Torden Marine as our exclusive distributor for these countries. Their knowledge, technical abilities and their wide customer base will ensure Shockwave gets the exposure and support it needs and we are looking forward to working with them to promote the sales of Shockwave's recreational products in these markets."

Miran Grom, MD of Torden Marine said, "Shockwave is a great fit for our company since we specialize in technical products for which we are able to provide a high level of support and backup for. Shockwave is a quality product where we see big sales potential and we are delighted to be able to add this brand to our portfolio and to introduce it to our customers."

"With the increased interest in Canadian products in Europe, we are seeing more inquiries regarding our suspension products all over Europe, including the Balkans. The expertise of Torden Marine in Croatia, Slovenia, Serbia and Montenegro will be welcomed by boat builders, marine suppliers and recreational boaters in the Balkans," said Tanis Bradshaw, the Marketing and Recreational Sales Manager at Shockwave. "The addition of Torden Marine extends the Shockwave presence in Europe to ten distributors covering seventeen countries."
